They then gave the family all the help possible and had got the fire nearly out on the roof when flames burst through the plastering into the sitting room. PURE BLOOD MAKES HEALTHY PEOPLE.

Hood's Sarsaparilla surely and effectively removes scrofula, boils and other blood diseases because it drives out of the blood all the humors that cause these diseases. They cannot be successfully treated in any other way. External applications for their removal have proven almost useless, because they cannot drive out the impurities that are in the blood.

Hood's Sarsaparilla makes pure rich blood, perfects the digestion, builds up the whole system. The skin becomes smooth, clean and healthy. This great blood remedy has stood the test of forty years. Insist on having Hood's for nothing else acts like it. There is no real substitute. Get it today. Sold by all druggists.

North Waterford Church.

(Continued from Page 1.)

We all remember this day as one of happiness, even though tinged with sadness as we look upon the vacant seats. Let us cast the old friends not dead, for death is the grandest step in life, the last one on the homeward way. This church is like a little light upon a hill. Though hidden for a time by the mists of affliction and circumstance, it has been kept burning by a faithful few.

In the separated intervals of the last twenty years, I have thought of that little light as not stationary but advancing from height to height into the clear light of the topmost hill. This idea may seem to you to be most visionary, but at no time has the parable seemed to be more realistic than when four years ago, I heard the children who, so short a time before I had seen as babies, were reciting their little pieces and singing their little songs on Easter Sunday. I had seen the vested choir march into the lofty city churches to the music of an organ that was echoed from the high roof as if it almost came from Heaven and the thought came to me, "Is God any nearer that magnificence than this beautiful simplicity of which Christ spoke when he said, 'Suffer little children to come unto me.' It is for them to keep the light burning through the years to come.

True union is expressed in the words of Christ when he said, "By this shall all men know that ye are my disciples if ye love one another." That one word, "Love," is the capstone and the cornerstone of all united brotherhoods of the world. Paul was one of the most wonderful writers of the apostles on this subject. He taught us that if we have any bitterness in our hearts, or un forgiveness, all knowledge profiteth us nothing. You remember that Peter said "Lord how often should I forgive my brother, until seven times?" and the Master said, "Not seven times, but seventy times seven." This is the true way to build up and increase, give! give! give! not of money, but the kindness and helpfulness of all your thoughts, and you will continually magnify the soul growth which is from within outward. Thus will you shine as the sun and radiate the principles of true Christianity, which is not confined to creeds and timeworn dogmas.

This little church, though separate, belongs entirely to the great whole. This is a truth which we learn to delight in, and we take pride in the circumstance that has placed us where we are, because it is our appointed place and work. Thus the hard task grows easy and the discouraging employment, delightful. It is a comfort to say to ourselves, "Thou earnest not to thy place by accident, it is as the very place God meant for thee." Only by humble and faithful doing can any one of us win the possibilities of the journey of life. It is like a path in the forest, the little path leads to a place, perhaps a little clearing in the wilderness, from which wider paths diverge. No comrades are so dear as those who have walked beside us and shared discomfort and discouragement. Although the founders of this church are passed to the higher life, they are as ripened leaves that are only fallen, through their lives new stimulus has been given for new growth, and through the work of their children's children this society can be perpetuated. Through the law of evolution, the law of youth and growth, their spirit will pervade your work and enrich the world.

I am deeply indebted to Mr. Ezra B. Hersey for the names which I have used and the order and length of time of the various pastors and students who have accepted this pulpit. I could scarcely have written this sketch without his kindly assistance.

CHURCH EFFICIENCY.

Written for rally-day at the M. E. church at Bolster's Mills, Nov. 26th, 1915.

How can the church be efficient, and further the God-made plan, "Who sacrificed His only son? To bring salvation to men?"

What can we do for the church? Our level devotion to prove. That those who now are in darkness May learn the dear Savior to love? How can numbers and force be augmented, New life to the church be brought? That other hearts and homes be led To the precious God of our fathers? Shall it be by doctrines and creeds? By "precept upon precept," given? That the heathen realm be won? Be won for the Kingdom of Heaven? Will the instruments God uses Be the healthy, the powerful, the great? Will these carry the Gospel, the "Good Tidings" to men in every land? Nay, nay, not these shall be chosen The Gospel of Christ to proclaim; For these be given the message Of healing to "the halt, blind, and lame." "The poor, the lowly, the humble, Who faithfully work day by day They shall garner sheaves for the Kingdom, Who patiently labor and pray." "The constant, untiring endeavor Performing the small duties given Shall win the plaudits, 'well done—A home in the Kingdom of Heaven.' Let us work and ne'er despair, Ever hopefully trust and pray, That many stars may gem the crown We receive."—Mrs. Elizabeth L. Scribner.

MILTON PLANTATION.

Mann's Mill Burned.

The town was greatly shocked when the alarm of fire was given Sunday evening, at about quarter after six. L. M. Mann's mill was found to be all ablaze inside. At the time of discovery, the fire was too far advanced to be under control. Help arrived very quickly, there was too much damage done to the mill to check its advancement to the other houses. The small dwelling house and ash shed near by burned, but nearly everything in the house was saved. Two other dwelling houses caught on fire, but no further damage was done.

This makes the fourth mill which Mr. Mann has lost by fire and is the second one which has burned in Milton. There was some clothes pins and handles stored in the basement besides all of the valuable machinery in the different rooms.

The loss to our village is great for nearly all the people depended upon the mill for employment. There is no other method of livelihood here except on the farms and to all the farmers this place was a lumber market. Mr. Mann has stated that he shall never rebuild. This statement saddened the community still more than the reality of the fire itself.

Martin-Day.

Lura S. Martin, daughter of Mr. and Mrs. D. C. Sweet was married to Ernest C. Day, Saturday, December 4. The young couple left home early in the morning, going from there to Bethel by team. Rev. J. C. Little was the officiating clergyman.

Mr. and Mrs. Day left on the afternoon train for a short trip in Lewiston and other places. They came back to their new home on Hamlin's Gore.

Mrs. Day was the daughter of Mr. and Mrs. D. C. Sweet. She was educated in the high school at Paris. She also studied music of a competent teacher in Bangor. Mrs. Day has lived with her parents since her husband's death nearly five years ago.

She has conducted a music class consisting of pupils from this and nearby towns. During the past year and a half she has been the guardian of the Chip-pawee Campfire Girls and her faithful work among them will always make a lasting impression.

Mr. Day is the son of G. W. Day of Hamlin's Gore, receiving his education in Woodstock schools. He is now a thrifty farmer and a man of good habits.

Mr. and Mrs. Day leave the best wishes of a large circle of friends.

The Bethel and Milton school has opened again with Viola Bartlett of East Bethel as teacher.

The Chippawee Campfire Girls will meet at the home of their guardian, Friday evening.

Campfire Girls.

The entertainment given by the Campfire Girls, Wednesday evening, at Centennial Hall, was very interesting and was attended by a houseful.

There are three groups under separate leaders or guardians as follows: the young girls of twelve years and some over have Mrs. A. D. Coburn for their guardian and "Narketa" is their group name. The next group is composed of the high school girls and some others, have Mrs. V. E. Ellingwood for their guardian and "Uticola" is their group name. A third group is made up of young married ladies and their friends, who have Ruth Tucker for their guardian and "Mollycock" for their group name.

The two other groups on either side of the hall and the younger group in the center formed in three separate lines at the entrance of the hall and marched up the three aisles to the stage singing their opening song "Whohelo" and all except seven, who were candidates for initiation were dressed in the ceremonial dresses of brown trimmed with fringe and wore head bands.

After reaching their designated positions on the stage at command of the head guardian, Miss Tucker, they all sat down on cushions on the floor with three very tall candles in the center front which were lighted by one from each of the groups. Miss Tucker conducted the ceremonies and program of the evening.

There were the explanation of their motto word, "Whohelo" which is made up of the first two letters of the three words that are its definition, "Work, Health and love." The initiation was performed upon the candidates by the corresponding guardians of the group to which each was to enter. The honor beads were conferred and there were a few who had belonged long enough and received their allotted number of honors and were presented emblematic rings of the "Wood gatherers" their first promotion. They all became "Fire makers" first.

Rev. Sarah A. Robinson, pastor of the F. B. Church gave a campfire talk which gave further explanation of the Campfire organization and the noble achievements of the same. The Campfire girls are to the girls of our nation what the Boy Scouts are to the boys.

Several songs were sung by the Campfire girls and a sweet duet by Miss Barnard and Miss Burnham and all were accompanied by Mrs. H. H. Wardwell, who are all Campfire Girls. There were also several selections of songs, readings and dancing by Master Leo Lyons, the little 10-year old wonder from Portland with his aunt, Miss MacGregor as accompanist. Master Lyons has been here twice before and is always liked.

They had a sociable after the entertainment with ice cream for sale. The Campfire Girls made a good little gum to help along the work of their organization.

Helen Dexter went to Boston, Saturday from where she expects to start with a party from there for Florida to spend the winter.

Ora Field received a variety shower, Thursday afternoon in honor of her approaching marriage to Mr. Swan of Bethel. She received many pretty and useful gifts. Refreshments were served. Onward Rebekah Lodge entertained the Gorham, N. H. Lodge, Tuesday evening. About fifteen came. Supper was served at the hall at six to the guests and Rebekahs. They also had refreshments after the work and entertainment. A good time was enjoyed.

Mabel Ricker and Mrs. Elvessa Demien went to Lewiston, Saturday for the day. Mrs. L. C. Bates attended the Campfire entertainment last week, Wednesday. The first thing of the kind that she has been able to attend since her sickness in the spring. Every one was glad to see her venture out.

The regular meeting of the W. C. T. U. met with Rev. Sarah A. Robinson, last week, Thursday afternoon and two new members joined the union making three new members so far this year.

Helen Coburn entertained five or six little friends last Friday afternoon, the occasion being her fifth birthday. She had a birthday cake with four little candles on it and other things for a treat.

Mr. and Mrs. H. W. Welch have returned from a three weeks visit to their home in Carabasset. Guy A. Smith went to Boston, Saturday, to visit his wife who went there to the Massachusetts General hospital for treatment recently and who was operated on for a throat and nose trouble. She is doing as well as could be expected.

Mrs. Maude Wood is able to walk out doors a little.

Mr. and Mrs. Franklin Harwood and children were guests of Mr. and Mrs. Oscar Cox, recently.

Frances Andrews was a guest at W. H. Pride's, Saturday.

There were nearly a hundred people at the Mothers' Club supper Saturday night. It was at Benj. Tucker's and the house was large and so very convenient that they could seat 50 at the tables at once.

NO MORE BACKACHE NO MORE MISERY

If you suffer with pains in your back and sides or have any signs of kidney trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery. Solvax is the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys sift out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Frank Kimball, the popular druggist, says that no medicine ought to be paid for unless it does the user some good, he therefore sells Solvax under a positive guarantee to quickly relieve the worst cases of kidney trouble or refund the money. Try Solvax today and if you cannot see and feel a decided change for the better just go to the Noyes Drug Store and tell them you want your money back and they will return it without question. This is the strongest argument that can be offered in behalf of any medicine.

Eat A Square Meal And Not Fear Indigestion

There are hundreds of people in town who were not the least bit surprised when they read in the Advertiser that the Noyes Drug Store are selling Mi-o-na on a guarantee to refund the money in case it did not relieve. This remarkable dyspepsia remedy will relieve the worst case of indigestion, headache, dizziness, or the general played-out condition that afflicts every one suffering with stomach trouble. Mi-o-na does not simply relieve, it aims to cure.

The Noyes Drug Store can tell you of many well known people in this town who this remedy has restored to health, often after they have tried many other methods of treatment with little or no benefit. No other dyspepsia remedy has made so large a percentage of cures as Mi-o-na. It is so large that the Noyes Drug Store stands ready to refund the price to any customer whom it does not help.

The best kind of advertising is the praise of a pleased customer, and there are hundreds in town today, praising Mi-o-na because it does what it is advertised to do. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na, they eat what they want and when they want with no fear of suffering.

HOLIDAY OFFER TO EMPLOYERS AND FRIENDS OF DRINKING M

There are today over 100,000 beneficiaries and friends of the Neal Treatment in the 60 principal cities where Neal Institutes have been established. The Neal Treatment appeals to and is patronized principally by high class men and women who seek its benefits in time to PREVENT the from becoming drunkards and "human derelicts."

Tens of thousands of formerly high class men, some in every community, are today "down and out" financially, and are rapidly reaching the point where they will be BEYOND EARTHLY HELP. Such men and their families not only need and want the NEAL treatment, but they need and must have the help and co-operation of employer, friend or acquaintance to secure its benefits. Every reader of this paper knows of one or more such persons.

With a view of securing the restoration of good men and women to "SUNSHINE AND JOY INTO BURNED HOMES" during the approaching holiday season, we invite you to call or correspondence from all who are willing, without ANY COST to themselves, to help save WORTHY MAN and his family from the curse of drink.

Today is a good time for the man who has not yet reached the "AND OUT" class to make up his mind to present his family a permanent BEER MAN for the holiday.

ONLY THREE DAYS with us, able you to do this. Act promptly. Call, write or phone the NEAL Institute, 147 Pleasant Ave., Portland, Me. Phone 4216 for free book and information.

The lumber on the Carter lot is being saved by a portable mill from Mechanic Falls by W. Bosworth and his men.

A letter from Elmira, N. Y., says the Buckfield History is received. The old Penley Homestead was the childhood home of Mrs. Louise B. Packard (nee Penley) at South Paris. Her father, Joseph Penley, went there in a wilderness and after many years had a valuable farm and a large family of children. The only one now living is the veteran soldier C. Ireland Penley, South Paris, who served in the war of 1861 and helped save our flag. Louise B. Penley married Stephen Packard, Jr., and raised up a large family of children, the writer being the oldest one now living and a retired teacher after thirty years service teaching 70 or more schools in Oxford County. James B. Packard her brother, lives in Monmouth, Me., and has a family of children of note, all graduates and teachers. He and his wife were teachers and his children inherit noble qualities from both sides. Some of them are teachers in Massachusetts. J. P. Packard was a teacher also a soldier. Everline Packard was a teacher, also Jennie Rowe and S. G. Packard. Francis Henry Packard is a doctor at West Paris. All of these named people are descendants of the Buckfield Daniel Packard and wife, who served in the Revolutionary war. We have not seen the Buckfield History so do not know as these facts are recorded, but should have had a place there. C. G. Packard is now a prominent contractor in Elmira, N. Y., next younger than the writer. Always active although his health is now poorly.

The readers of this paper will be pleased to learn that there is at least one "dreaded disease" that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The precursors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for a list of testimonials.

BROWNFIELD.

Brownfield to have a Circle, Ladies G. A. R.

It is most pleasing to the few remaining members of Daniel A. Bean Post of Brownfield to know there is a prospect of having a Circle formed which will be of great assistance to them during their remaining years and to perpetuate their noble deeds, when they shall have answered the last roll call.

Mrs. Wallace R. Tarbox of Fryeburg, a National officer of the Ladies G. A. R., spent last Saturday in Brownfield and rendered much assistance to the loyal ladies who are to aid in this grand and noble purpose. December 18th they are to meet the State officer, who with Mrs. Tarbox will organize Daniel A. Bean Circle. A most cordial invitation is extended to all wives, mothers, sisters, daughters, granddaughters and blood kindred, to be present and become a member of this grand organization.

Dedication of New Hall.
Wednesday, December 1st proved a day that every member of Pythias will long remember with pleasure. The day was fine, every one seemed imbued with the feeling that they wanted to assist them in some way. Long before 2 o'clock the spacious hall was well filled with friends. There are about 100 members enrolled upon the records with Ernest E. Weeks headmaster of Fryeburg Academy as Chancellor Commander. December 1st was selected for the dedication as it was the 33rd anniversary of the organization of the lodge. The opening exercises were conducted by the Chancellor Commander, after which he turned the meeting over to the officers of the Grand Lodge, who performed the dedicatory services in a most impressive manner. Henry R. Jacobs of Lynn, Mass., burned the mortgage and made an excellent

address, complimenting the members on having cleared the debt. Through the kindness of Prof. Weeks fine music was rendered by the Academy orchestra under the leadership of Mr. Flint of South Chatham. Mrs. Charlotte Pike Lovell sang most effectively a beautiful solo and was obliged to respond to the most generous applause tendered.

E. C. Plummer of Bath, Supreme Representative from Maine to National Branch of the Knights, made most interesting remarks as in fact did all of the Grand Officers including Henry J. Brown of Waterville, Grant V. Brooks of Saco, Charles B. Locke of Hollis Center, Clarence L. Richards of Damariscotta, after which the Grand Chancellor called on some of the town people who were present. Mrs. Lucia Lakin, who had been at the head of the Pythian Sisterhood, spoke of the aid that organization had been to the Knights and of their willingness at all times to aid them.

Mrs. Mary R. Tarbox, National Senior Vice-President Ladies G. A. R., spoke of the exceeding kindness of Pythian Lodge to donate the use of their hall on several occasions to the G. A. R. and spoke very highly of secret organizations as they brought people together more closely, gave them an opportunity to know each other better, thus conducive to harmony. Mrs. Tarbox in her address, complimented the members on having cleared the debt. Through the kindness of Prof. Weeks fine music was rendered by the Academy orchestra under the leadership of Mr. Flint of South Chatham. Mrs. Charlotte Pike Lovell sang most effectively a beautiful solo and was obliged to respond to the most generous applause tendered.

bly and properly honored by the Grand officers.

A fine supper was served at 5 o'clock to the Grand officers, Knights and their wives and invited guests, after which two sessions of the moving pictures were given free, Damon and Pythias being the story. Great credit is due the committee who had the program in their charge.

Lena Perkins is the guest of Mrs. Frink, Congress street, Portland for a few days.

A Grand Army Circle is to be organized here in two weeks under the direction of Mrs. Wallace Tarbox of Fryeburg.

Mr. and Mrs. J. W. Hubbard of Fryeburg were in town, Saturday.

An all day meeting of the Universalist Ladies' Sewing Circle was held at the home of Mrs. Leslie Poore on Wednesday.

John Sands is in very poor health and is confined to the house a part of the time.

Mr. and Mrs. Jesse Quint have returned to their home in South Hiram. Mrs. Nelson Adams has been ill with a severe cold.

The schools about town will close this week for a vacation of two weeks.

The mid-week prayer meeting was held at the home of Miss Staples with Harry E. Walker as the leader.
